

RoHS Compliance Declaration

Re: Restriction on Use of Hazardous Substances in Electrical and Electronic Equipment (RoHS3) and China RoHS2.

It is hereby certified that all products manufactured by Fisk Alloy, Inc. meet the requirements of RoHS3 in accordance with Directive 2011/65/EU and China RoHS 2, and updated Directive 2015/863/EU, and in accordance with the Exemptions noted below.

1. Products are free from organic substances such as Polybrominated biphenyl (PBB) and polybrominated diphenyl ether (PBDE). These organics cannot survive molten metal processing temperatures, and therefore cannot exist in metal products.
2. Mercury and Mercury Compounds are never intentionally added to our products and exist only at trace or undetectable levels below the stated threshold.
3. Hexavalent Chromium cannot exist in metal.
4. Cadmium (Cd) is never intentionally added to our products and exists only at trace or undetectable levels below the stated threshold.
5. Lead (Pb) may be present at levels below the stated threshold.
6. Products are free from Bis(2-ethylhexyl) phthalate (DEHP), Butyl benzyl phthalate (BBP), Dibutyl phthalate (DBP), & Diisobutyl phthalate (DIBP).

Exemptions

All Machinable Alloy products are RoHS compliant under the following exemptions with regard to Lead content:

- Annex III, Exemption (6)

Testing

As and where required, Fisk products are analyzed by third party laboratories accredited under ISO 17025. Inductively Coupled Plasma (ICP) or Atomic Absorption (AA) techniques are the only techniques authorized by Fisk to determine composition and compliance.

Important Information: Information provided by Fisk Alloy on its Website or in other communications concerning the substance content of its products represents Fisk's knowledge and belief as of the date that it is provided. Fisk based its knowledge and belief on information provided by third parties and laboratory test results and makes no representation or warranty as to the accuracy of such information. Fisk has taken and continues to take reasonable steps to provide representative and accurate information but may not have conducted chemical analysis on all incoming materials. In no event shall Fisk Alloy, Inc. liability arising out of such information exceed the total purchase price of Fisk material sold by Fisk to a Customer on an annual basis.
