

Rare Earth Metals & Critical Minerals Compliance Declaration

None of the rare-earth elements (REE), also referred to as rare-earth-metals, as listed in the [USGS Minerals Yearbook](#) are contained or used in the manufacture of products made by Fisk Alloy, Inc..

Some critical elements listed in the DLA Material of Interest list are used in Fisk products. However, none of those are sourced from China.

Important Information: Information provided by Fisk Alloy on its Website or in other communications concerning the substance content of its products represents Fisk's knowledge and belief as of the date that it is provided. Fisk based its knowledge and belief on information provided by third parties and laboratory test results and makes no representation or warranty as to the accuracy of such information. Fisk has taken and continues to take reasonable steps to provide representative and accurate information but may not have conducted chemical analysis on all incoming materials. In no event shall Fisk Alloy, Inc. liability arising out of such information exceed the total purchase price of Fisk material sold by Fisk to a Customer on an annual basis.
